

Village of Saranac
Homeowner Occupied Rehabilitation Program
Applicant Interest Form

Effective 5/1/2026

Made possible by:

Program Overview:

The Village of Saranac was recently awarded CDBG grant funds to support homeowner occupied rehabilitation projects within the Village. Qualifying homeowners are eligible for up to \$25,000 in grant funds to assist with necessary rehab updates to their homes. The Village will prioritize updates including roofs, weatherization, energy efficiency, heating, and accessibility improvements, though **many other projects are eligible**.

Homeowners interested in this program will first need to submit an interest form and go through the income verification process. Additional guidance for the income verification process will be provided after this form is submitted. Following verification, the team will work with homeowners to file necessary paperwork, perform an environmental review, schedule inspections, and work with contractors to meet project objectives. Contractors who work on homes must meet certain eligibility requirements, including licensure and certification requirements.

The two main objectives of this program are:

1. To assist residents with necessary home repairs to increase safety and decrease hazards and risks within homes, and
2. To help preserve the local housing stock for generations to come.

If you are interested in receiving assistance, we encourage you to fill out this interest form to begin the conversation. **Please carefully review the following Program Criteria before proceeding.**
